past has sold none in that state. The condition for wheat sowing; threshing Texas millers also come to Oklahoma still in progress with fair yields; all crops City, he stated, and bought wheat at a fair yield, postures good and stock in higher price than the local markets should be, and this threw them out of Binine-Good rain the lith placed the line with other markets and would not

Mr. Shubert was recalled and stated that the Rock Island rate from Wichita to Fat Worth, Texas, was 22 cents per higher. To Austin the differential is a cents higher on flour. The proportional rate from Wichita to Fort Worth is 334 cents and on flour 26 cents. From Fort oth; cotton being picked; yield fair to Worth to Austin the rate is it cents. This rate is made on account of the Texarkana combinations of local rates. In view of this fact the miliers and grain men would take the interstate rate rather than the combinations of locals in reaching their destination from terminal points of the Rock Island. Mr. C. W. Bleuler, a miller of Black-well, O. T., was next called to the stand.

He stated that when the Texas crop failed the millers would come to Okla ioma and bought wheat, shipped it back Texas, ground it and would successfully compete with the Oklahoma miliers for business in Oklahoma territory, while shut out of the Taxas markets. He in formed the commission that from the best figures obtainable Texus produced abou 7,060,000 bushels of wheat and 9,000,000 bushels were shipped into that state to comply the demand for flour and to keep the mills busy. In Okishoms the condi tions are different. Her mills canno grind the wheat produced in the territor, and the major portion is shipped out. Th go to the wheat belt, buy grain, ship it t Texas and the four back and undersel the miller in the wheat belt, but thus same millers refused to allow the in the wheat belt to go into Toxas and compete with them. In his opinion the The majority of the answers endorsed it is poor in quality and only a fair yield the plant of furnishing free text hooks owing to the August drouth.

The majority of the answers endorsed it is poor in quality and only a fair yield owing to the August drouth.

A. G. P. Agt., 266 Century Building, St. to grind all of the wheat they can and self what they are able to on the local market, but the rest should be sold whereever it could with no restrictions regard-

Continuing, he said that the Texas mills were not naturally situated in the wheat it belt, but their immense business had been bullt up artificially by this differential rived this morning and this afternoon This year there was a failure in Oklahoma and the mills of that section must go outside for their wheat, but they have of the benefits of the differentia that the Texas millers enjoy

Mr. Johnson asked did the witness think territory and buy wheat and ask for the protection which the complainants are trying to take away from the Texas men Mr. Bleuler stated that the Oklahoma millers did not ask for this protection. The witness also stated that he had been informed by Mr. Walker, a Texas miller that the fuel bills of the mills of that state had been reduced fully 50 per cen since oil was discovered in Texas. This makes a big difference in the price of the

finished product. With the completion of Mr. Blueler's idence the complainants announced.

The railroads had no evidence to offer Frank Kell, a miller of Wichita Falls, Tax., was the first witness to be called to the stand by the Texas attorney. He stated that the Kansas and Oklahoma millers were giving the Texas millers derstood that the Kansas and Oklahoma was stopped by the demonstrations of sign and research from the state of the state millers enjoyed the free milling in transit

ing, but the Kansus millers present said that there is no appreciable loss. Under the rules of the Texas railroad commission the roads are allowed to make a charge of 5 cents per hundred for the reconsignment priviledge, which is not sinn did not see fit to remove this charge.

which was clearly a discrimination. Mr. Kell did not know. He further stated that he had a contract for oil at a very low figure that would enable him to use oil at a less cost than coal until 1864 if the company did not of business, and he believes that several if not all of the Texas mills had

such contracts. Mr. Prouty said that he believed that the 5 cent reconsignment charge made by the Texas railroads offset the differen tial made by interstate roads. The rail

Mr. Kell was unable to explain why the differential should not be removed, an he was excused. Mr. A. P. Famett of Wichita county,

Texas, was next called. He is a farmer and sixted that, owing to the differential dress being ellowed on Kanass floor the farmers could compel the Texas millers to pay them as much for the local wheat at Wichits Falls as he could get different Guthrie, O. T., Sept. Z.-It is given out price of wheat in Excess City, less than The chairman decided that this evidence
